

**SECTION 3000 - STUDENTS  
HEALTH EDUCATION**

---

**Sample Letter 2**

September, (year)

Dear Parent/Guardian:

The Health Education Curriculum has been developed to provide students with the knowledge and skills to make healthy lifestyle decisions and choices. The curriculum has been developed by teams of educators and medical practitioners, and has been approved by the Minister of Education for use in Manitoba schools.

The curriculum deals with safety, personal and social management and healthy lifestyle practices. The units that may be of particular interest to Kindergarten parents are those dealing with Human Sexuality, and Substance Use and Abuse Prevention.

Parents can find further information on the Health curriculum through the Manitoba Education website at <http://www.edu.gov.mb.ca/k12/cur/physhlth/parents.html> or by requesting a more detailed outline from your child's teacher.

Please complete the following form by checking the appropriate box and return to the teacher by (date).

Sincerely,

\_\_\_\_\_  
Teacher
